<b>CHOOSE VISITING TEAM</b>		
Return to Previous Menu		

If home team and stats are correct, select "Choose Visiting Team" and go to 6.

If a substitute is needed, go to 5A. To rearrange throwing order, go to 5B.

5A. If a substitute is needed use the up arrow button to select the player to be substituted. If a regular sub is available select his/her name from the list.

If not, select "New Substitute" and type in his/her name using the target as directed. If the substitute has player stats from a previous league use the up arrow button to highlight and enter the proper stats for 01 and CRK.

5B. To change the player order, use the arrow buttons to highlight and select the player to move. Next highlight and select the player to go in the previous player's position.

6. Set up Visiting Team in the same way as for the Home Team as described in 5 above

7. When both teams are complete, select "START MATCH". Game to be played and players involved will be displayed.

#### FORFEITS

If a match to be played is a "Forfeit", select the team to be awarded the forfeit as both the "HOME TEAM" and "VISITING TEAM". Answer "YES" to, "Is this match a forfeit?"
